BRIEF ABSTRACT OF LETTER.

Requesting sanction to the proposal of the District Board to raise a debenture loan of Rs. 20000 being the amount of the P. Contn. for opening of the road ~~ref. to in~~ in accordance with para 4 of G.O. No. 1116-21 P.W. dt. 8.6.17 (issued in the P.W.D.) P.W. 5850-5

NOTES AND ORDERS.

1. With the President's recommendations the Board's views are called in the following points:—

(1) The source from which the reduction of the loan is to be made. (2) The rate of interest to be paid. & (3) The period for the repayment of the loan.

a sum of Rs 3000/- has been provided in the current year's budget under 'A' Public works for a road from Holenarsipur to Hemmanagala. This is hardly sufficient for carrying out one year's work unless Govt are prepared to sanction the whole of the cost of the road in question in advance. The District Board's proposal is to finance the scheme by raising a loan which will obviate the difficulty of having to make provision out of the existing resources of the Board and from this point of view deserves favourable consideration. But there are a few large schemes relating to the Hassan Dt which require to be financed in the manner now proposed by the D.B.d In

1) a Bridge on the Hemavati near Gorur.
2) Railways in the District.

The proposals on which financial opinion is required are these

(1) Whether the Hanam D.B. should be allowed to raise a debenture loan of about Rs 85,000 for meeting the D.B.'s moiety of the cost of a road and a bridge.

(2) Whether the terms proposed for the loan are suitable.

(3) Whether there should be two separate loans or only one.

I do not think that the decision of fact that the other half of cost should be met from State funds requires revision.

My opinion on the three points cited above are

(1) Yes. It is very desirable that our local bodies should tap the hidden hoards of our people for useful purposes. Though the scheme is not a productive work it is an important one & as all generations will benefit there is no financial unsoundness in raising a loan & spreading over the charge to benefit future generations.

(2) The terms are suitable but—

(a) The D.B. must retain the right to discharge the loan after 10 yrs if it likes to do so.

(b) The D.B. must start a sinking fund in respect of the loan after 25 yrs
